A PUBLICATION OF PASADENA CHRISTIAN SCHOOL

The primary mission of Pasadena Christian School is to provide its students with the academic training and spiritual nurture needed to become men and women who are worthy representatives of our Lord Jesus Christ. Working together with the family and the local church, we seek to provide our students with the foundation necessary to become people whose lives reflect an uncompromising commitment to Christ, who are people of unquestioned integrity, and who pursue excellence in whatever they do.

Dear Friends and Family of Pasadena Christian School:

First of all I want to congratulate each of you for bravely making it through this last year. It has been difficult for all of us, but hopefully the worst is behind us and a bright new future is beginning to open. Fortunately we will not face that future alone. Not only do we have each other, but God promises to be with us every step of the way. One of my favorite Bible verses, Joshua 1:9, reminds us that God does not want us to be either frightened or discouraged by what the future holds.

Over this past year our students have navigated the challenge of at home online learning very well. While we have trickled back to on campus learning, we are excited to start the new school year with even less restrictions and obstacles. Hopefully we can get back to a sense of “normalcy”.

Much thanks needs to be given to our faculty and staff and our parents for all of their hard work and dedication in navigating through this dark time.

Two years ago I don't think any of us could have imagined the Covid-19 crisis. Sure, we may have heard a few warnings, or read articles about the potential for pandemics, but most of us were caught off guard and surprised. I would like to believe that as we move out of the crisis we will again be surprised, but this time for joy.

First Corinthians 2:9 reminds us that ***“No eye has seen, no ear has heard, and no mind has imagined what God has prepared for those who love him.”*** God really does have good things in store for us. The future is bright and with His love and guidance we can build our lives and the lives of our children with great confidence. As we close out this year let's not forget how challenging and difficult it has been. But may we also remember that, with God's grace, we made it. More importantly we are positioned well to receive all the goodness God can offer. As Psalms 30:11 says, ***“You have turned my mourning into dancing...and clothed me with joy.”***

Steven Gray, Ph. D.
Head of School

Thank You for an Incredible Year!

As we come to the end of this school year, I'd like to say thank you to our PCS community. To the families who were incredibly patient and who partnered with our entire staff to support the children during this unusual school year. To our PCS staff and teachers who were flexible and adaptable whether

teaching in class or online. To our amazing students, who endured a very challenging year, but in the process came to understand the value of learning wherever it takes place in life.

The end of each school year is always bittersweet because of its many student milestones. We say goodbye to our graduating 8th graders, many of whom have been with PCS since the preschool. We have watched them grow from toddlers to well-spoken and talented young gentlemen and ladies. We are so proud of all of them and look forward to watching them continue to grow in the future.

We'd also like to celebrate our preschoolers who will be coming to the elementary school to join our TK and kindergarten programs next year. We are grateful that our PCS parents entrust their little ones with us and that we have an opportunity to work together to guide their children's development while inspiring a lifelong love of learning.

Finally, congratulations to all of our students for their resilience and hard work this year. We care so much about all of you and hope you have a lot of fun this summer! You've earned it! We can't wait to see everyone back on campus in August.

Throughout the summer, we will continue to monitor federal and local health guidance, but it is currently our intention to resume on-campus learning this fall. TK through 8th graders successfully returned to on-campus learning in the fourth quarter and, as a result, we believe that we can create a healthy and safe learning environment at the school for all returning students. Beginning in July, school staff will send communications with any updates and information you'll need to know for the next school year. We are very optimistic about the next few months and can't wait to be together again soon!

I wish you a wonderful summer vacation and look forward to the opportunity to be together again when school reopens in August.

Pauline Tcharkhoutian,
PCS Principal

Students Return to Campus

All grades returned to campus in the fourth quarter. It's been amazing seeing all the students again!

Eighth Graders Say Goodbye to PCS

Eighth graders took their final class picture of the year. We are proud of their achievements and wish them well as they head off to high school.

The Big Yellow House Prepares to Welcome Students this Summer

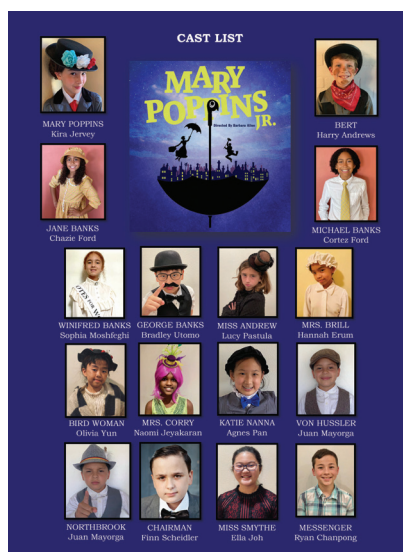

Pasadena Christian School's extended day care center, The Big Yellow House or "BYH", is excited to welcome students back to school this summer. Offering an 8-week summer program for PCS students, between June 7 and July 29, Tk-8th grade students will be able to participate in "Fun in the Sun Camp," a program that is sure to fill the children's days with laughter and excitement.

BYH has been instrumental in providing before and after care for PCS students for many years. It is a special place for students to go before and after school during the school year, and throughout the summer. Students who attend BYH enjoy supervised recreation, arts and crafts, cooking and baking, games, music, sports, as well as study time. Enrollment for the summer program is already closed, however, if you'd like additional information about BYH for the upcoming school year, please feel free to contact Suzie Allen, Director of BYH, at (626) 791-3515 or by email Sallen@pasadenachristian.org.

The Show Must Go On, Even During Covid-19

The Coffee House Theater and Spring Musical Were A Hit Over Zoom

Coffee House Theater (Middle School Drama) produced and performed an amazing production of CLUE, which aired May 14 -16. These middle school students selected, cast and directed the show! They learned how to design sets in the graphics editor app, Procreate, edit their film using iMovie, and broadcast their production using Broadway Direct. And, all of this was done via Zoom. So, while it wasn't a typical Coffee House production, it was still an opportunity for the students to learn and adapt to a new and challenging situation. They definitely met the challenge!

May, 21st was a fun Friday evening for all who participated in this year's spring musical. Led by PCS choral director and music teacher, Barbara Allen, this year's musical was a fun Zoom-along production of Mary Poppins Jr. The students performed live and in costume from their homes. Audience participation also played a role in this production, as lyric sheets, a cast list for reference, and other guidelines were emailed to each family. Everyone was encouraged to sing along, dance, make kites, set off party poppers and more!

Pasadena Christian Preschool

It's hard to believe it's already the end of the school year! We made sure to fill our last couple months together by creating long-lasting memories with the children.

We continued our annual pizza party tradition during the last week of school. We are grateful to our preschool families for providing the food and decorations to make the party even more special. Then, on the last two days of the school year, we all shared the aloha spirit, saying "Hello" to summer, "goodbye" to our year together, and of course "I love you".

While we faced many unprecedented challenges this year, we feel lucky that we got to be with the children since August. It is a blessing to watch the children grow and we are excited for what the future holds for our students who are moving on to the next phase of school either at PCS or somewhere else. We will miss all of our PCS preschool families who have trusted us with their little ones and who support our school every day. May God bless each and every one!

April showers bring May flowers indeed! We planted seeds and grew lots of vegetables, including two kinds of lettuce, cucumber, yellow squash, peas, beets, radish and sunflowers. The children watered, removed weeds and measured the plants as they grew. It was a fun day when they discovered that their hard work resulted in our first sunflower bloom!

After 21 Years, Diane Evans is Retiring from PCS

She taught students about the importance of leading a healthy lifestyle and made sure they always kept their eye on the ball.

She “came to play” for 21 years, and now, Athletic Director, PE Teacher, and Coach, Diane Evans, is retiring from PCS. Coach Evans and her husband, Mark, have been preparing for her retirement for a while now. They’ve packed up their things, put their items in storage, and sold their house, all in preparation for their move to Northwest Montana this summer. However, all the preparation hasn’t made saying goodbye to the school and the community she’s loved for 21 years, any easier. “It’s been an honor and a blessing to be a part of the PCS family,” said Coach Evans. “And I’ve been honored that parents have trusted me to be a part of their children’s journey. I’m going to miss my students, my colleagues, my friends, everyone. “

Coach Evans was a natural PE teacher and coach. Raised on a small ranch near Lake Elsinore, Coach Evans spent more time outdoors than she did indoors. She played softball and volleyball, and was a cheerleader, a water skier and even a barrel racer with her rodeo horse, Ginger Snap.

Coach Evans knew she wanted to teach early on and studied speech pathology at the University of Redlands. However, one day, the head football coach at the university approached her and encouraged her to consider becoming a PE teacher. The conversation changed the course of Coach’s entire career path. She switched her studies to kinesiology, followed up her undergraduate studies with graduate work at Cal State Los Angeles, and ultimately, secured a job as a PE teacher and coach at a public school in Paramount. Coach Evans married

a year later and relocated to Arizona where she taught and coached seventh through tenth grade PE for nearly a decade.

Coach Evans, her husband, Mark, her son, Schuyler and her daughter, Caitlin, eventually moved back to California. She returned to teaching and coaching at Bethany Christian when her children became school age. After nearly six years at Bethany Christian, Coach Evans became aware of a PE teacher and coaching position at Pasadena Christian School. She applied and, after speaking with Dr. Gray, was hired into a role that has been a blessing for her.

“PCS is a really special place. Being able to share our faith openly with our students is huge,” says Coach Evans. “I

not only get to help students develop as student athletes, but more importantly as Christian athletes, navigating the challenges and learning to balance it all. There are so many important life lessons that can be learned from being part of a team.”

From getting students who would never think of playing a sport to try out for one, to introducing new sports to students, her impact has been a slam-dunk for the PCS community. “I truly believe that each child is unique. Each student has a role to play as part of a team as well as everything else,” says Coach. “Success isn’t measured just in wins and losses, though I am extremely competitive. It is about playing for something other than just yourself. Playing for your school is a special experience!”

Pasadena Christian School Teacher and Staff News (cont'd)

When she thinks about her time at PCS, she is proud of the work she and her fellow PE teacher and coach, Adrian Pirozko, have accomplished in developing the Summer Cougar Sports Camp program. "All of our staff are PCS coaches and/or alumni. Individuals who play sports in high school or college come back to PCS each summer to help us instruct the campers and give back to the program they were a part of. They are the perfect mentors for our young athletes and it helps preserve the legacy that is PCS."

In addition, when it comes to having the right team, Coach Evans has been blessed to work with so many talented fellow coaches and teachers. She had the perfect teammate in PE teacher and coach, Adrian Pirozko. "I have been blessed to partner with Adrian for 16 years. I don't even know how to put into words how much his partnership and friendship has meant to me. I have also been very fortunate to have Amber Guined, as my faithful Assistant Coach, and Leslie Johnson as our Cheerleading Advisor, both for 19 years! I truly believe that our consistent and dedicated coaching staff is what has helped PCS athletics be successful."

People who love sports usually appreciate statistics, so here are a couple that represent Coach Evans' time as a teacher and coach at PCS:

- PE teacher and Coach for 21 years
- Athletic director for 16 years
- Taught, coached, mentored over 10,000 PCS students
- Coached 20 volleyball teams
- Coached 17 basketball teams
- Coached 20 softball teams
- Coached 18 track teams
- Coached 18 cross-country teams
- Chaperoned 16 eighth-grade east coast trips
- Chaperoned 16 seventh-grade Monterey trips

Of course, the most important statistic is the **number one** because Coach Evans will always be number one in the hearts of her PCS colleagues, parents and students. Thank you for all the lessons you've taught us. Having you as our teacher, friend, mentor, coach, and champion, was simply the best! We'll miss you!

2001 - Monterey Trip with daughter Caitlin

2003 - First Basketball Championship

2016 - East Coast Trip with Coach Pirozko

Alumni Updates From Around The World

Former PCS Student Answers the Call of Duty During Covid-19

Crystal (Young) Hammans says PCS laid a critical foundation for her faith, and faith is one thing that sustained her this past year as she treated Covid-19 patients. Crystal, who graduated from PCS in 1998, is an ICU nurse at Community Memorial Hospital in Ventura, California. “It has

been a traumatic and heartbreaking year, but we are finally seeing our numbers go down hospital wide. As always God has been faithful and I will look back on this year as a time when His love and presence sustained me through a nightmare of death and sickness.” Crystal balanced shifts in the ICU with raising her two children, Justice (4 years old) and Daylan (2 ½ years old), with her husband of 10 years, Brett Hammans. She is also a certified foster parent and is currently awaiting placement. “My faith in Jesus is the core of my identity; it is who I am as a mother, wife, nurse, and friend,” said Crystal. “During the past year as I have

cared for critically ill Covid patients in the ICU, my faith has been the hope I cling to. God’s faithful love is the hope I have for both this life and the next.” Crystal says it’s hard to choose one memorable experience from PCS, but narrowed it down to Mrs. Gallego’s second grade class and Mrs. Brock’s fifth grade class. “Mrs. Gallego used paper ice cream scoops to represent the number of books read by each student during the year and I always wanted my scoops to grow and grow! I got to read *Voyage of the Dawn Treader* during Mrs. Brock’s class and she grouped our desks together to form individual “ships” where we would embark on the adventures in the book together.” This busy mom and part-time ICU nurse also has her own business, the Noonday Collection, a socially responsible business that uses fashion to create meaningful opportunities around the world. “We design and sell jewelry and accessories made by artisans around the globe.” If you would like to learn more, please visit crystalhammans.noondaycollection.com. Crystal, thank you and God bless you for all you’ve done for the PCS community, as well as the community at large.

Robert Lee May Have Graduated, But He’s Never Truly Left PCS

Rob Lee graduated in 1973 – the third class to graduate from the new junior high – but his heart remains here at PCS. In fact, Rob is the administrator of the PCS Class of 1973 Facebook group. The social media page includes videos and pictures from the class, including a compilation

video shot by Mr. Bailey and Mr. Bourgeois, as well as a digitized version of the class of 1973’s eighth grade school play. Aside from updating PCS content on social media, Rob is an assistant professor and writing support center coordinator at Pasadena Community College (PCC). He’s been a teacher for 35 years and has

spent 29 of those years as a teacher at PCC. He plans to retire in just a few months. “I had so many teachers who cared about me at PCS and that was influential in my becoming a teacher,” said Rob. “Ms. Cook and Ms. Lower were especially influential as they encouraged me, especially in academic pursuits.” One of Rob’s favorite memories at the school was the time he got to serve as the “moderator” for the spring musical. “There were a lot of lines to remember,” said Rob. “Also, Ms. Cook and Ms. Kilian used to collaborate to scare the heck out of us on April Fool’s Day.” Rob’s advice to students? “Do your best always. Be ready to go through the doors that God opens – it usually happens when you’re not ready.”

Development

On behalf of the PCS administration and development team, we would like to thank the following donors for contributing to this year's PCS Annual Fund. It was a difficult year for so many, but our community continued to support our school. Your contributions this year helped fund additional scholarships and financial aid, and covered many Covid-19 related classroom improvements as well as teacher development.

Update on the Restroom Renovation

Over the last few years, PCS has sought to update all of the restrooms on campus. As of this year, only the elementary school restrooms and the TK classroom restrooms remained. Thanks to a grant from The Ahmanson Foundation as well as the incredible generosity of our PCS families, we raised enough funds to finish the restroom renovation project and will be updating the elementary and TK classroom restrooms over the summer.

PCS is currently partnering with HYB Group, Inc. and Hovel Babikian, a former parent and PCS Board Member, on the renovation and we intend to begin construction on June 1. We hope

to complete the project by August 1 and that returning students will be able to enjoy the new and improved and colorful restrooms in the new school year. In addition to Hovel, we would like to thank Brendan Canning and Cynthia Wang from Studio Ren Architecture, for donating their design services for this project. Below is a sneak peek at the design renderings for the elementary school restrooms. If you find yourself in need of design services, you can learn more about Studio Ren Architecture at Studioren.com or by calling (323)469-8107.

In the same way, let your light shine before others, that they may see your good deeds and glorify your Father in heaven.

-Matthew 5:16

Alumni Relations

Stay connected with your PCS family, no matter where you are in the world! We'd love to hear how you are doing, know about any changes to your contact information, and share any updated information with former classmates and the rest of our school community. Just send the following information to development@pcs.school.
